TECHNICAL DATA

KEY PROJECT OUTCOMES

The client needed a complete plumbing system upgrade. The bathroom design should represent the brand according to this famous school. All within specific budget.

KEY PERFORMANCE AREAS

- Specialized tiling designs and manufacturing (integrated tiling)
- Designing and manufacturing steel structures of toilet partitions.
- Reconstructing to be a maintenance free area.

PROJECT CHALLENGES

- Creating a design that represents the brand and symbolism of the school while making it a maintenance free area.
- Designing a steel structure for toilet partitions that is cost effective yet outstanding quality.
